NEW PRODUCT ADDITIONS

Fantastic Professional High Performance Body Filler

A professional grade lightweight filler with a smooth, creamy consistency that is easy to apply, shape and sand. With superior filling properties, it has excellent adhesion across multiple substrates and can be applied direct to metal.

- Quick drying – solvent impervious and ready to sand, prime and paint in 15 min
- Non-sagging on vertical surfaces
- Easy to sand and shape
- Pinhole resistant
- Pro grade lightweight formula
- For use on Direct to metal, OEM paint surfaces, aluminum, galvanized, SMC, fiberglass, lightly abraded E-coat and most plastics

Fantastic Professional Aerosols

FANTASTIC PROFESSIONAL CLEARCOAT is an advanced clearcoat that gives a high gloss finish and excellent depth for a seamless and well-blended repair.

Its professional grade formula is fast drying for increased productivity and UV resistant for exceptional durability and surface protection.

- Seals and protects finished surfaces
- Touch dry in 30 minutes
- For use on finished surfaces
- Ideal for spot repairs, body panels, door handles, mirror covers, wheels and moldings.

Fantastic Professional Aerosols

FANTASTIC PROFESSIONAL ADHESION PROMOTER promotes paint adhesion to most surfaces, like plastics, aluminum, fiberglass, painted surfaces and more. Its professional grade formula replaces the need to abrade surfaces in hard-to-sand areas and provides a protective barrier against lifting. It sprays flat and dries fast, to deliver a smooth finish ready for overpainting.

- Improves topcoat adhesion and prevents lifting
- Ideal for areas which are difficult to sand
- For use on plastics, trim, fiberglass, aluminum, bare metal, galvanized metal, zinc, painted surfaces and body filler.

Fantastic Professional Aerosols

FANTASTIC PROFESSIONAL HIGH BUILD PRIMER is an ultra-high build primer that fills uneven surfaces prior to overpainting. Its professional grade formula produces a film build similar to spray gun applied primers, prevents rust and sands smooth with ease.

- Fills imperfections and sands smooth
- Aids topcoat color accuracy
- Fast drying, ready to sand in under 30 minutes
- For metal, fiberglass, wood and more

Fantastic Professional 2K Clearcoat Aerosol

Is an advanced 2K clearcoat for high quality, long-term paintwork finishes. It can be used on both solvent and waterborne basecoat systems to produce a lasting high gloss finish that's easy to polish and will not discolor. It is easy to use and gives an attractive spray gun finish.

- 3x More durable than standard 1K clearcoat aerosols
- Superior weather, UV, chemical, scratch and abrasion resistance
- Diamond Clear high gloss finish
- Pro grade 2K technology formula
- Ideally suited for larger surfaces even at higher ambient temperatures.
- For use to finish painted surfaces.

DRIVING SURFACE PERFECTION

Fantastic All-Purpose Aerosols

All-purpose coating formulated to paint and prime in one. With excellent adhesion and durability, it dries fast to provide a smooth finish which helps prevent rust. Its premium grade formula provides maximum coverage with excellent color retention.

- Sandable Primer and Clearcoat in range
- 8 Acrylic Enamel color and finish variants
- Ideal for interior and exterior use
- For use on properly prepared painted and primed surfaces, bare metal, wood, polypropylene, fiberglass, and other plastic surfaces

DRIVING SURFACE PERFECTION

Fantastic Seam Sealer

A 1K polyurethane sealant and adhesive that is ideal for a variety of applications. Its moisture cured, non-shrinking formula remains permanently flexible.

It completely and permanently seals and bonds body panels, trim and seams.

- Ready to use 1K formula
- Seals and bonds permanently
- Customizable - Can be overpainted

- Bonds to almost any surface, including: steel, galvanized metal, aluminum, fiberglass, glass and most plastics.
